WELDON, N. C., April 4.—Tho jury in the case of George Matthews, on trial for murder in Northampton Superior Court, this morning rendered a verdict of murder in the second degree, and Judge Lyon sentenced Matthews to thirty years in State's prison.

Matthews killed his nephew, "Bud" Ralney, merchant, near Pleasant Hill, one night in January last. When arrested he confessed the crime, and implicated three other young men, whom he said forced him to go with them. Later he said that he alone was responsible for the deed. While Matthews is the uncle of the man he killed, he is a much younger man than Rainey, and slept in the store with Mr. Rainey. Owing to the weak mind of Matthews and his youth—he is only about fifteen years old—the State did not ask for a verdict of murder in the first degree.
